Good afternoon, Camilo

First, thanks for all the work that you guys are doing on this incident. Do you know if the contact information for Mr. (b) (6) was shared with anyone in the emergency response team there or with Chris Ruhl (EPA, emergency response)? They need to consult with him regarding some personal belongings for the purpose of clean up.

You can contact Mr. Ruhl at the information below.

Chris, feel free to fill in anything I may have missed. Thank you.
